Internal Assignment

UG SEM-III

Subject: Chemistry

(CIA) Assignment

Paper: MJC-III (Theory)

1. What are aromatic compounds? How does benzene exhibit aromatic character? What are the essential characteristics of aromatic systems?

UG SEM-III

Subject: Chemistry

(CIA) Assignment

Paper: MJC-IV(Theory)

1. Explain the First Law of Thermodynamics. Explain the First Law of Thermodynamics. Derive the mathematical expression for work done during the isothermal expansion of an ideal gas.

Paper: MJC-IV (P)

1. Determination of water equivalent of calorimeter.
